

First Time Secrets (Vol. 5 - Discovery)

Volume Five of the First Time Secrets series! David has always known that he was attracted to men. However, growing up in a strict, religious home, he is so closeted that now that hes started college and finally free, hes almost afraid to indulge himself in his true desires. Now, after everything that has happened, David realizes that the Professors intentions are not as loving as he may have thought. Once their romance begins to unravel, he runs away in a panic, straight to Deans door. Will his boyfriend take him back? Will the Professor let him go? Warning: Volume Five is a 5,300+ novella that contains hot and heavy action, spicy descriptions, and steamy, sultry times and a cliffhanger. Read at your own risk...or delight! Praise for Mason Lee: Very spicy read. Would make a great movie. Quick read but was juicy. Shows everyone has a little curiosity. Looking for volume 2 My first erotic book and I have to say it was really hot and I really enjoyed it! I recommend this short book!
