

## SeriousFaith Bible Questions & Answers

This is a self-published compilation of answers I've written to questions submitted by online readers, friends and people who know me. I do not write answers to support any specific doctrinal tradition or group. My only goal in answering questions is to find out what the Bible says, explain it as best as I can and present honest opinion, being clear about what is opinion and what is specifically God's Word. Besides clear Biblical answers, I offer plenty of opinion too. There's something in this book to offend just about everyone. Despite our deepest conviction, no single Christian, group or organization has perfect and complete knowledge of Scripture and Truth... including me. By the time this is printed, I WILL PROBABLY DISAGREE with some things I've written! The essential Truths of salvation and faith are what divide Christians from non-Christians or false Christianity. In these things we tolerate no different truth. The rest of our convictions about Christian living and faith are matters of liberty and should not divide true Christians. My goal is to get people to THINK; to really STUDY and KNOW what they believe because THEY have searched God's Word for Truth. If you disagree with me, at least know WHY you disagree based on your own study, prayer and contemplation, not because someone in a pulpit or on TV said so.
