

Nobody Move: A Novel

From the National Book Award-winning, bestselling author of *Tree of Smoke* comes a provocative thriller set in the American West. *Nobody Move*, which first appeared in the pages of *Playboy*, is the story of an assortment of lowlifes in Bakersfield, California, and their cat-and-mouse game over \$2.3 million. Touched by echoes of Raymond Chandler and Dashiell Hammett, *Nobody Move* is at once an homage to and a variation on literary form. It salutes one of our most enduring and popular genres—the American crime novel—but with a grisly humor and outrageousness that are Denis Johnson's own. Sexy, suspenseful, and above all entertaining, *Nobody Move* shows one of our greatest novelists at his versatile best.
