

## One of These Nights: The Harvest Cove Series

From the author of *Every Little Kiss*, a heartwarming novel that proves sometimes the only way to let people in is to let go....Moving to Harvest Cove has been like a dream come true for Zoe Watson, providing her with a job she loves and close friends she considers practically family. The only problem: a certain prickly albeit handsome park ranger who can't seem to help tracking mud into her art gallery or showing up in her dreams. Jason Evans swore off relationships the day his ex-wife walked out the door, and the local gallery owner is no exception. But when an accident forces him to accept the one thing he hates most in the world, he discovers that with Zoe in his life, there are more highs than lows. Despite their long-simmering attraction, neither Jason nor Zoe thinks that two people with so little in common could possibly have a future together. But one of these nights, they may just discover how alike they are.
