

Odd Man Out ROMANCE: Contemporary Romance Fiction (Odds and Evens Book 1)

His success means her success but only if they're apart. b> Ryker's dreams of singing in the spotlight are bigger than an ex-band, an ex-friend, the Alzheimers taking his mom, and even the facade of being someone he's not. But are they big enough to get him out of the shower and back onto the stage? With so much at stake for more than just himself, Ryker meets Nikki who becomes more than a yellow-caution light to his dreams. Nikki, oh Nikki, with curves like a guitar and an understanding of what it means to work for what one wants. But Nikki's problems don't involve Ryker until his dreams interweave with hers. When her plans take her away from him, Ryker doesn't know if he can function without her. Yet, how can he succeed with her when so much of what they want requires them separate? That's the funny thing about dreams. Sometimes they change. If you're looking for a great contemporary romance, this book is for you. From the bestselling sweet-style contemporary romance author with over 2000 reviews and ratings of her romance books across Goodreads, Amazon and other retailers.
