

The Destruction of Democratic Republicanism the Object of Rebellion: The Testimony of Southern Witnesses (Classic Reprint)

Excerpt from The Destruction of Democratic Republicanism the Object of Rebellion: The Testimony of Southern Witnesses

Comparatively few persons understand the real nature of the contest going on in this country, for the simple reason that only a few have been sufficiently jealous and watchful of the encroachments of power upon the rights and liberties of the people. The machinery of governments has generally been in the hands of despots. In other words, Despotism has wielded the powers and forces of governments for the accomplishment of its own tyrannical purposes. During the past few centuries Freedom has been growing strong with the advancing light of Christian civilization, - so strong that, at the time of the American Revolution, our Fathers wrested the reins of government in this country from the hands of Freedom; thus for the first time in all history, clothing Freedom with the powers and attributes of government, and, as most people have supposed, succeeded in driving Despotism entirely out of the country. But, though Despotism was tumbled from its throne, it still clung to the country, and was determined never to give up its right to rule here, as it had ruled everywhere else through all previous periods of history ; and, although the revolutionary struggle left it comparatively weak, the slave power, fostered and cherished in the South, where it took refuge, nourished it into strength again, and it has attempted once more to seize the reins of government, and trample out the life-blood of Freedom as of old. Nothing could be more natural than that slavery should be the nursery and hot-bed propagator of Despotism. For Despotism and Slavery are as near akin to each other as sin and satan. So it has spent the whole time since the adoption of our present Constitution, in plotting and devising ways and means for the overthrow of our free

government, determined to ruin where it could not rule. Despotism hates Freedom with a perfect hatred, and has so hunted her down that she has never yet found a perfect resting-place for the sole of her foot on this planet.
