

## Always You (Second Chances Book 1)

To Samantha Christensen, Lucas Hunter was always the guy she pined for throughout college. To Lucas, she was a treasured friend, a younger sister he felt the need to protect. She had a choice to wait and hope, or to settle. When they meet again years later, Lucas looks at Samantha and sees a woman he wants even though she's not free to take. As they renew their friendship he finds he's falling hard, and can't accept any less than all of her. Samantha realizes there's hope with Lucas. Will she finally have a chance to be happy with the man she's always loved, or will obligations and insecurities stand in their way? Can Samantha and Lucas convince each other that they belong together? That it was Always You?
