

Secret Society Girl (Ivy League)

In a fabulous blend of the bestselling traditions of Prep and *The Devil Wears Prada*, *Secret Society Girl* takes us into the heart of the Ivy Leagues ultraexclusive secret societies when a young woman is invited to join as one of their first female members. Elite Eli University junior Amy Haskel never expected to be tapped into Rose & Grave, the countrys most powerful and notorious secret society. She isnt rich, politically connected, or well, male. So when Amy receives the distinctive black-lined invitation with the Rose & Grave seal, shes blown away. Could they really mean her? Whisked off into an initiation rite thats a blend of Harry Potter and Alfred Hitchcock, Amy awakens the next day to a new reality and a whole new set of friends from the gorgeous son of a conservative governor to an Afrocentric lesbian activist whose society name is Thorndike. And thats when Amy starts to discover the truth about getting what you wish for. Because Rose & Grave is quickly taking her away from her familiar world of classes and keggers, fueling a feud, and undermining a very promising friendship with benefits. And thats before Amy finds out that her first duty as a member of Rose & Grave is to take on a conspiracy of money and power that could, quite possibly, ruin her whole life. A smart, sexy introduction to the life and times of a young woman in way over her head, *Secret Society Girl* is a charming and witty debut from a writer who knows her turf and isnt afraid to tell all....
