

## Smugglers Notch

Shes young, headstrong, alone and she hitched a ride with a killer Becky should know better than to hitchhike, but theres no other way to get home. Shes waiting by the highway when a skinny Vermont hick named Paul Conklin offers her a ride. Hes absent-minded and a little bit awkward, but comes off as harmless until its too late. Theyre deep in the woods when he rapes her, too far from town for anyone to hear her scream as he wraps his belt around her throat and slowly snuffs out her life. But he has made a mistake. Beckys father is friends with the attorney general, and the law will come down hard on Paul Conklin. In rural Vermont, law takes the form of men like Lawrence St. Germain, a hulking man accustomed to rough winters and grisly crime. He will sacrifice everything to avenge Beckys death, battling not just her killer, but the justice system itself.
