

Spellbinder

Belladonna Johnson just wants to be normal. Okay, she can talk to ghosts, but everyone has their problems. And since her parents are dead but living in their house this is a pretty convenient problem to have. Then one day, the stars go out. Just for a second. And the ghosts start to disappear Soon Belladonna and her friend Steve find themselves on a dangerous quest to the deserted, decaying Other World, where the spirits usually dwell. They need to find out where Belladonna's parents and all the other ghosts have gone before it's too late.
