

The Demon Headmaster Strikes Again

Dinah and her brothers have moved house as their dads got a new job at the Biogenetic Research Centre. It sounds great, but all three realize something very weirds going on. People in the village talk like robots when the centre is mentioned. There's a mysterious buzzing sound near the centre, and a creeper that can grow at an incredible speed. And why is the centre surrounded by such scary security guards? When the kids start probing, they soon run into trouble. Dinah finds she herself is part of a terrifying DNA experiment-masterminded by none other than the Demon Headmaster. Gillian Cross has won the Carnegie Medal, the Whitbread Childrens Novel Award, and the Smarties Prize, and is a highly-acclaimed author. The sales of Gillians books exceed one million copies.
