

Tainted Blood: A Generation V Novel

In the third Generation V novel, Fortitude Scott proves that working with family can be deadly. Former film student Fortitude Scott is finally gainfully employed. Unfortunately, said employment happens to be with a group of sociopathic vampires his family. And as much as Fort is loath to get too deep into the family business, when his brother, Chivalry, is temporarily unable to run the territory, it's up to Fort to keep things under control. So when the leader of a powerful faction of shifters turns up murdered, Fort finds himself tracking down a killer while navigating dangerous rivalries, longtime grudges, and hidden agendas. Even with the help of his foxy kitsune sidekick, Suzume, he'll need to pull out all the stops to hunt for the paranormal assassin. But as he calls on fairies, witches, and ghouls for help, he discovers that the problem is much bigger than a single dead werebear. The supernatural community is preparing for a massive shift in power within the Scott family leadership and Fort has landed right in the middle of the gathering storm.
