

Take Your Best Shot

In the province of British Columbia, a Summerland man is recruited from the Canadian Army Sniper Division by a special arm of the Canadian Security Agency. His job is to right the wrongs of justice systems with their bleeding heart lawyers and judges who often ruin the lives of innocent people. He is available to any country that is friendly towards Canada that needs his services. Because of the nature of his job everything he does is secret. He is directed in secret, he is paid in secret, his whole life is secret even to the two women whose sexual appetites seem to be insatiable. But he is missing one thing in his secret life, the ability to love someone meaningfully He must decide if he needs this badly enough to risk his for, or stay in secret for the rest of his career.
