

Taking Chances

When journalist Rachel Carmedi is kidnapped and murdered by a Colombian drug cartel, her lover and partner Tom Chambers, racked by guilt, vows to avenge her death. Ellen Shelby and Michael McCann want to turn Rachel's story into their first Hollywood movie. Chambers agrees to track down the killers. But his need for vengeance soon overrides their desires. In London, high-flyer Sandy Paul, helping to raise finance for the film, still harbours a fierce passion for Michael, and aims to remove Ellen from his life. Love, lust, jealousy and ambition take the stage with high finance, power and mortal danger. Torn loyalties, male pride and female desires turn the movie into a terrifying trap of death threats and destruction . . . From the Paperback edition.
