

## Tenure Blues: A Soap Opera

Sex, Money, Bad Faith, Laughter, Power Struggles, Betrayal, Politics and even death -- in a law school. Who Knew? Three bright young professors all vie for promotion and tenure at a law school. Not unusual, except all three have secrets that could threaten their careers as well as their personal lives. One, a seemingly happily married father of two, is plagued by the fear that his long-ago brief affair with the deans son will be discovered. Now the deans son has returned home and threatens to expose him. Another, a single black female, is having a torrid affair with the president of the university board of trustees. Complicating matters is his wifes suspicions, his quest to be the next governor of the state and the deans sons possible knowledge of his infidelity. The third candidate is a married woman desperately trying to escape her blue collar past. When her long-estranged husband shows up on the scene to threaten trouble, the situation gets complicated, especially since the deans mean-spirited son begins to torment her about her past. Suddenly, the deans son winds up dead. Whos to blame?
