

# Bold

When Sasha, a shy, 15-year-old girl who hides from the world, almost dies in a car crash, she vows that if she survives, she will be bold and live life to the fullest. Her newfound courage is tested when she meets Will, who moved to town after his journalist fathers disappearance. Will is fascinated by Sashas brush with and secret knowledge of death. Sasha and Will push each other to take chances and break out of their sheltered world. Will they discover the difference between being bold and being reckless before they put themselves, or someone else, in danger?
