

THE FACE THAT SOLD A FORTUNE

Meet Belle Winter. She is the mistress of appearances. Sometimes though, appearances can be deceiving. No one knows that better than Belle. A former film star of the 1970s, she forges relationships with men in order to advance her career until one day, one of those men manipulates her. It isn't long before she fades from the world of cinema, moves to New York and reinvents herself as the single biggest drug baroness in U.S. history. Not only do her services cater to the social elite; but everyone from the U.S. Navy to New York Police and small-town folk are involved in keeping her at the top of her game - Until that game plan unravels with a string of mysterious deaths. Only one question remains. Can Belle Winter's renowned beauty get her off the hook one last time?
