

The Case for Liberty (Classic Reprint)

Excerpt from The Case for Liberty
In the early months of 1916 I wrote a book entitled The Decline of Liberty in England. It was composed in illness and in a period of acute anxiety about causes and individuals. Like many others I then feared that even if the Central Powers were defeated the British Empire would by victory be converted to Prussian ideals. Yet to-day as I write these words the Central Powers are defeated and the Allies are laying the foundations of international peace. In 1916 it was difficult to write of liberty except in the sentimental manner of John Stuart Mill. War and fear of war have necessarily always been the worst enemies of liberty. About the Publisher
