

Luna A Dogs Journey

Have you ever wondered if your imaginary friend was really imaginary? Or have you ever had a miracle happen-something that cannot be explained away? Well I believe if you look through your child eyes, you can see Lunas work. Luna is a spirit guide on a mission of love and help. She is transformed into a hummingbird in this first mission and assists a lost dog, Alayna and her pups on a journey down the mountain to home. Along the way Luna guides her pack through adventures both fun and scary. Fighting against the weather and all of mother natures fury, Alayna learns about herself and the love that drives her in her heart for her human Becky. See if Luna can help hearts be reunited, and new love be found. And wonder what mission she will be on next.
