

Rich Pickings (A Richness of Swallows Book 2)

A Richness of Swallows: An act of random kindness can set off an intriguing chain of events. Summer Jones offer to help a vulnerable teenager lays the foundations for a friendship which will put her on a collision course with the one man she most fears and had hoped never to encounter again. In just one night Daniel Riche introduced her to a brand of pain which left her yearning for more, if she could but overcome the legacy of fear from her chaotic childhood. **A Richness of Swallows** charts the turbulent relationship of Summer and Dan, from their explosive first encounter in Cumbria to the wild moors of West Yorkshire. Can Dan win Summers trust, and accept her as she is, or will the shadows of her past haunt her forever? **Rich Pickings** by Ashe Barker

Book Two in the **A Richness of Swallows** serial She craves control. He demands her naked surrender. Dan Riche was the one man she hoped never to encounter again, so when she ran into him unexpectedly at a wedding, Summer Jones couldnt be held responsible for her actions. Except, Dan thinks differently. He intends to punish her for lashing out at him in her frustration, and much to her surprise, Summer intends to let him. Reunited with her closest friend, Freya, and finding new friends and fabulous opportunities at Black Combe, Summer is soon caught up in a passionate relationship with Dan as he reintroduces her to his powerful brand of kink. He effortlessly awakens all her submissive instincts, and Summers resistance crumbles along with her doubts. But even as she responds to Dan, can she leave the shadows of her past behind? Dan confuses her. He scares her. He makes her do things she never dreamed possible, and she loves all of it. But Summer prefers her life to be tidy, doesnt she? Where does a turbulent relationship with a fascinating, unpredictable Dom fit in to her ordered existence? He punishes her, hurts her,

controls her pleasure, demands her obedience. Summer always needed to be in control. Now she's naked, on her knees at his feet. Dan demands her submission. Can she relinquish her fragile hold on her security and trust him instead? Ashe Barker About the Author: Until 2010, Ashe was a director of a regeneration company before deciding there had to be more to life and leaving to pursue a lifetime goal of self-employment. Ashe has been an avid reader of women's fiction for many years: erotic, historical, contemporary, fantasy, romance you name it, as long as it's written by women, for women. Now, at last in control of her own time and working from her home in rural West Yorkshire, she has been able to realise her dream of writing erotic romance herself. She draws on settings and anecdotes from her previous and current experience to lend colour, detail and realism to her plots and characters, but her stories of love, challenge, resilience and compassion are the conjurings of her own imagination. She loves to craft strong, enigmatic men and bright, sassy women to give them a hard time in every sense of the word. When she's not writing, Ashe's time is divided between her role as resident taxi driver for her teenage daughter, and caring for a menagerie of dogs, cats, rabbits, tortoises and a hamster.
