

## House With No Rooms (The Detectives Daughter)

The summer of 1976 was the hottest in living memory. Britain sweltered, trees and plants wilted, fire ripped through forests, and rivers ran dry. In London's Kew Gardens a 10-year-old girl was parted from her friends and, dizzied by scorching heat, wandered lost into its secluded undergrowth. Forty years later, the detectives daughter Stella Darnell takes on a chilling new case. Along with Jack, a train driver, she will be drawn to the secret spaces of Kew, and to an unsolved murder that has lain dormant for decades.
