

Stalker: Library Edition

Cindy Deckers decision to follow in the footsteps of her police lieutenant father was never an easy one. For Pete Decker is, to say the least, overprotective of his only daughter. So when Cindy begins to wonder if she is being followed - maybe even stalked - her father is the last person she can confide in. Frantically trying to contend with her own raw, gnawing fear whilst balancing her work and a clandestine relationship with one of Deckers colleagues, she allows her father access to the horrific facts only when their cases seem to be on a collision course. Together they find themselves in uncharted criminal territory, where snap-second decisions can make the difference between the life and death of those you love...
