

The Last Thing You See: A New Adult Romance

Harper Bayliss is about to pay the ultimate price of fame. That is, if her stalkers plans work out. Hollywoods new favourite starlet is already feeling overwhelmed by the insecurity of her past, a family that controls her every move, and the stresses that come with her job when a brutal attack from a madman takes that stress to a whole new level. But what neither Harper nor her attacker saw coming was the 64, heavily muscled ex-Marine, Nick Martell, throwing himself in harms way to save her. After she visits him in the hospital to offer her thanks, she cant help but be intrigued by the man she finds beneath the bad boy exterior. Plagued by guilt over his failure to protect the one person that mattered the most, all Nick wants is to find some peace. The tattooed former Marine is scarred, inside and out, but saving Harper Bayliss might be his first step toward redemption. Whats more, her answer to his heartfelt question is about to send them both down a path of scorching passionand maybe even love. With the pressures of Harpers fame and Nicks guilt working against them, will their feelings be enough to overcome all the obstacles, including the stalker thats still out there? If he gets his way hell show them that, even if they choose each other, you seldom get to choose the last thing you see.
