

## The LIBRIO Defection (Volume 1)

The LIBRIO Defection A fast paced novella filled with international intrigue and espionage. 1966: The worlds greatest violinist, Soviet, Alexander Stanislas wants to defect to the West after the violent death of his half-brother. But he has one condition; he wants his Italian mistress, Belladonna Librio to come over with him. Jarvis Love works for the Global Intelligence Network. He is young, inexperienced and about to be thrust in the explosive world of Cold War espionage for the first time. His assignment seems simple enough; locate Belladonna Librio and escort her back to London. Major Sacha Vorinski, of the Fifth Chief Directorate has other plans. Filled with brutal fights and wild chases, The LIBRIO Defection is a white knuckle action adventure which harks back to the great spy novels of the 60s and 70s, but infused with the high-octane punch of a modern thriller. In this edition, also included is a sneak peek at Jarvis Loves first full length adventure, The Danakil Deception.
