

## Magical Misperception

Young Prince Lee cant talk to girls at all until he meets Jona Haever. His aunt, Queen Gaia, invites Jona to the castle for the summer to help Lee learn social graces. Although Her Majesty makes it clear Jona is no better than a servant, Jona and Lee become best friends. When the summer comes to a close, the two continue to correspond through a pair of magical boxes conjured by the Wizard Farland. Nine years later, Jona and Lee are closer than ever, but any romantic feelings between them are forbidden by law. Are the differences between a prince and a commoner too large to overcome, or are they just a matter of magical misperception? A magical short story for fairy tale readers!
