

The Orchard of Flesh

Reylans last assignment for The Arcadia Trust brought a rebellious human servant under his roof, and a volatile werewolf lover named Jorgas into his bed, leaving the self-reliant Blood Shade--known to the outside world as vampires--in no hurry to risk his immortality for them again. But when a new terror starts disappearing humans from a bad part of town, Reylan must do everything in his power to keep Sydneys supernatural factions from the brink of war. Having an ambitious, meddlesome human in the mix is only going to make things worse...especially when that human is Jorgass father. Reylan will need all his determination and cunning to keep the peace under his roof, between the nights power brokers, and in his lovers troubled heart.
