

The Pink Lady: The Many Lives of Helen Gahagan Douglas

If Hillary Clinton struggled to crack the glass ceiling in 2008, imagine the challenges that faced Helen Gahagan Douglas. She was a three-term Congresswoman beginning in 1944, and ran for the U.S. Senate against Richard Nixon just three decades after women gained the right to vote. Douglas was also a Broadway star, opera prima donna, friend of FDR, lover of LBJ, and passionate New Dealer. Acclaimed author Sally Denton brings every dimension of this extraordinary woman to life in *The Pink Lady*, a compelling account of Douglass incomparable life as stage star, politician, and public intellectual. A brutal 1950 Senate campaign waged by Republican Congressman Richard Nixon ended Douglas career as an elected official-Nixon and his henchmen tagged Douglas *The Pink Lady* and, with the help of the FBI's J. Edgar Hoover, made her victim to the same McCarthyist anti-Red hysteria that was sweeping Hollywood. Nixon's savage campaign was the prototype of right-wing smear tactics, a model studied by Lee Atwater and Karl Rove. Over four decades in politics, Douglas was a torchbearer for progressive ideals, supporting legislation for affordable housing, public education, and social security extension; in foreign policy she fought for nuclear disarmament and the creation of Israel. Denton's rich narrative restores Douglas to her rightful place as a pioneer of American politics.
