

# The Ultimate Zombie Dating Book: The Undead Guide to Relationships in the Post-Apocalyptic Zombie World

The Zombie Apocalypse of the 21st century devastated the human race. Millions of men and women were eaten or converted into the undead hordes leaving a wake of singletons. Perhaps the greatest strain on society is not the impending annihilation of the human race but the stress of finding a loved one in a world where most eligible partners are either eaten or have become braindead. Even before the zombie apocalypse, finding Mr or Mrs Right was a challenging affair. This guide teaches you how to find your ideal partner and contains plenty of useful practical ideas to improve yourself, your image, increase your confidence and learn how to be more successful as well as how to respect yourself more. The guide also covers topics like money, human physiology and tips for dating safely in the zombie infested world. After reading this book, you will be ready to go out and find your ideal partner.
