

The River Knew: Magic Happens When You Follow Your Hunches

The River Knew is a faith-based love story about a woman who faces serious rejection issues. She embarks on a nine-month journey in search of answers to where she belongs on the family tree. This leads her to move close to a cousin who always loved and accepted her. In her search, some harrowing discoveries are revealed that break her open and send her running to the river to escape reality. There she encounters a destitute soul, who in an instant, changes the course of her life. On a hunch, the woman puts her issues aside and embraces this stranger who had one unanswered question about life and desperately needed an answer. She gave to that stranger exactly what she needed herself: compassion and acceptance. At the end of her nine-month journey, she has the answers she was seeking and an abundance of the compassion and acceptance that she gave her destitute friend. Her journey proves that at some points in life, you must demolish what is not working and rebuild what you truly want. Magic Happens When You Follow Your Hunches! About the Author June A.
