

Shes Not There

They say its better to battle the devil you know. But what if you dont recognize him before its too late?She knows her name is Amelia, but after waking up in a hospital battered and bruised with just the clothes on her back, its all she knows. Unable to piece together her shattered memory, shes haunted by a vision: menacing faces and voices implying her nightmare is far from over.Relying only on her wits and her will to live, Amelia becomes a fugitive from a mysterious man, and a life she cant even remember. But the past shes fleeing has no intention of letting her go.
