

Theres a Frog in My Toilet: A Missionarys Adventure in Africa

Theres a Frog in My Toilet recounts the sometimes hilarious, sometimes poignant adventures of a couple living in Tanzania, Africa through emails sent home to friends and family. It details what daily life is like when you are sent out to a remote location as a missionary. It takes you through the highs and lows of dealing with sporadic utilities, dangerous living conditions, and almost daily encounters with all sorts of creepy critters. It also contains up-to-date commentary remembering the events discussed in each email. With a sense of humor about things over which they had no control, Theres a Frog in My Toilet shows how God can bring glory to all situations and circumstances.
