

## Truly, Madly: A Novel (Lucy Valentine Book 1)

Lucy Valentine is as smart as can be, as single as you can get, and so not qualified to run a matchmaking service. But when her parents temporarily step down from the family business, Valentine, Inc., its Lucys turn to step up and help out in the name of love. Plus, her rent is due. Here's the problem: Lucy doesn't have the knack for matchmaking. According to family legend, every Valentine has been blessed by Cupid with the ability to read auras and pair up perfect couples. But not Lucy. Her skills were zapped away years ago in an electrical surge, and now all she can do is find lost objects. What good is that in the matchmaking world? You'd be surprised. In a city like Boston, everyone's looking for something. So when Lucy locates a missing wedding ring on a dead body, she asks the sexy private eye who lives upstairs to help her solve the perfect crime. And who knows? Maybe she'll find the perfect love while she's at it.
