

## **BUNDLE: Understanding Global Cultures: Metaphorical Journeys Through 29 Nations, Clusters of Nations, Continents, and Diversity, Fourth Edition and Paradoxes of Culture and Globalization**

We offer these texts bundled together at a discount for your students. Gannon, *Understanding Global Cultures: Metaphorical Journeys Through 29 Nations, Clusters of Nations, Continents, and Diversity, Fourth Edition* In *Understanding Global Cultures, Fourth Edition*, authors Martin J. Gannon and Rajnandini Pillai present the cultural metaphor as a method for understanding the cultural mindsets of individual nations, clusters of nations, and even continents. The fully updated Fourth Edition continues to emphasize that metaphors are guidelines to help outsiders quickly understand what members of a culture consider important. This new edition includes a new part structure, three completely new chapters, and major revisions to chapters on American football, Russian ballet, and the Israeli kibbutz. Gannon, *Paradoxes of Culture and Globalization* What is a paradox? Why are cross-cultural paradoxes essential for understanding the changes that are occurring because of globalization? Encompassing a wide variety of areas including leadership, cross-cultural negotiations, immigration, religion, economic development, and business strategy, *Paradoxes of Culture and Globalization* develops cross-cultural paradoxes essential for understanding globalization.
