

Unsettled: A Search for Love and Meaning

The hundred-room house is a rich tapestry of memories and hidden secrets, a dark, forbidding place, rumoured to be haunted by a vengeful Yakshi. Propelled by a desire to save their marriage, Divya and Raghav journey to the haunted mansion in search of the mythical Scrolls of Love. Written five hundred years ago by the banished court poet Shankara, they are fabled to have the power to heal and reignite lost love. Is this just a legend, or are the couple heading towards a chilling destiny?
