

# Unto the Daughters: The Legacy of an Honor Killing in a Sicilian-American Family

Karen Tintori thought she knew her family tree. Her grandmother Josie had emigrated from Sicily with her parents at the turn of the century. They settled in Detroit, and with Josie's nine siblings, worked to create a home for themselves away from the poverty and servitude of the old country. Their descendants were proud Italian-Americans. But Josie had a sister nobody spoke of. Her name was Frances, and at age sixteen she fell in love with a young barber. Her father wanted her to marry an older don in the neighborhood mafia—a marriage that would give his sons a leg up in the mob. But Frances eloped with her barber, and when she returned home a married woman, her fate was sealed. Even eighty years and two generations later, Frances was not spoken of, and her memory was suppressed. *Unto the Daughters* is a historical mystery and family story that unwraps the many layers of family, honor, memory, and fear to find an honor killing in turn-of-the-century Detroit. Tracing the history and insular world of Italian immigrants back to the old country, Karen Tintori shows what they came from, what they hoped for, and how the hopes and dreams of America fell far short for her great-aunt Frances. Nearly every family has a skeleton in its closet, an ancestor who sins against custom and tradition and pays a double price -- ostracism or worse at the time, and obliteration from the memory of succeeding generations. Few of these transgressors paid a higher price than Frances Costa, who was brutally murdered by her own brothers in a 1919 Sicilian honor killing in Detroit. And fewer yet have had a more tenacious successor than Frances's great-niece, Karen Tintori, who refused to allow the truth to remain forgotten. This is a book for anyone who shares the conviction that all history, in the end, is family history. -Frank Viviano, author of *Blood Washes Blood* and

Dispatches from the Pacific Century Switching back and forth between rural Sicily and early 20th century Detroit, Unto the Daughters reads like a nonfiction version of the film Godfather II--if it had been told from the point of view of a female Corleone. In exploring her own familys secret history, Karen Tintori gives voice not just to her victimized aunt but to all Italian-American daughters and wives silenced by the power of omerta. Half gripping true-crime story, half moving family memoir, Unto the Daughters is both fascinating and frightening, packed with telling details and obscure folklore that help bring the suffocating world of a Mafia family to life. --Eleni N. Gage, author of North of Ithaca
