

## When the Fire Fell

The Church today is much like the Israelites in the days of Elijah the prophet. Today, worldly views on the relativity of right and wrong, alternative spiritual beliefs and moral values have permeated the Church especially in the midst of life's challenges, and except for the discerning hearts, many are being led astray from the true worship of Christ. This book is a clarion call for us professing Christians to return to the fundamentals of our faith. As Elijah the Tishbite challenged those of his days, we are being challenged once more, If Jehovah is God then let us worship Him and Him only, if Baal is God then let us worship Baal. However, God plans to baptize us with His spirit and with fire, and as in the days of Elijah, when the fire falls God will show Himself as the one true God.
