

why me?--a memoir

Why Me?-a Memoir is a light hearted glimpse into my life and the lives of those I love or like- at least some of the time. We seem to live according to Murphys Law--Whatever can go wrong will. I revisit the highlights and low lights of our lives, and explore our Jewish roots. As I navigate through time and various stages of life, I take the reader with me on a witty journey as I contemplate childhood, family ties, pets, marriage, friends friendship and aging. However life isnt always a bowl of cherries and there are some sad and tender moments. Readers relate to this book --they laugh out loud and they may even shed a tear or two as they recall the ups and downs in their own lives
