

Thirty-Three Teeth (The Dr. Siri Investigations, Book 2)(Library Edition)

Winner of the Dilys Award and a Crime Writers Association Library Dagger Feisty Dr. Siri Paiboun is no respecter of persons or party; at his age he feels he can afford to be independent. In this, the second novel in the series, he travels to Luang Prabang, where he communes with the deposed king who is resigned to his fate: it was predicted long ago. And he attends a conference of shamans called by the Communist Party to deliver an ultimatum to the spirits: obey party orders or get out. But as a series of mutilated corpses arrives in Dr. Siri's morgue, and Nurse Dtui is menaced, he must use all his powers--forensic and shamanic--to discover the creature--animal or spirit--that has been slaying the innocent.
