

Wolf Trinity

Emma is a wolf-shifter on the run from humans who killed her parents fifteen years ago. When she steps on an old trap in the Tennessee woods, she is truly screwed. Hungry and tired from weeks of running, she assumes she's going to die. Liam and Jaden are also wolf-shifters. They're staying in a cabin in the wilderness for the summer to catalog the plant life in the area. Hoping to spend lazy months enhancing their own relationship and escaping women altogether, they are surprised to find a trapped female wolf on their first day at the cabin. Not only is she injured and mysteriously alone, but they realize she's their mate. As Emma recovers from a broken leg, the three find themselves drawing closer and closer together. The pheromones filling the tiny cabin suffocate them with the need to mate. But Emma has an agenda: run for her life and keep these two male shifters from succumbing to the same fate she is destined for death. And Liam and Jaden have their own problems. Both are concerned about what will happen to their relationship if they claim the gorgeous female occupying their bed. Will she accept their need to be with each other as well as her? More urgently, can they trust her not to flee at the first opportunity, leaving Liam and Jaden with holes in their hearts? Readers are in for sensual love scenes that explode off the pages and characters that they will find charming and likeable. I found that Becca Jameson has shared another of the many wonderful stories running through her mind demanding to be told. --Merry Noelle, Night Owl Reviews I love reading Becca Jameson her stories always grab my attention and hold it. Also Very Hot , keep that A/C on you will need it!! --Julie, Julies Book Review
